PROFESSIONAL CONSULTING SERVICES ENGINEERING LEGAL LOGISTICS & FACILITIES INFORMATION TECHNOLOGY

Analytic Acquisitions is an 8A, Woman Owned Small Business (WOSB) dedicated to the delivery of services to its Federal clients. Analytic Acquisitions delivers high quality, low-risk, and low-cost professional solutions to the government clients in both the Defense and Civilian Agencies.

Incorporated in 2017 and sustainably growing ever since, Analytic engages over one hundred (100+) professionals over thirty (30) states and multiple OCONUS territories. We concentrate in the delivery of professional and IT services, but believe our core values of fair and honest dealings with our Federal partners enable us to perform on nearly any service requirement.

SERVICE OFFERINGS APPLIED TO PROJECT PERFORMANCE

COMMUNICATIONS AND EVENT SUPPORT

For USDA, Analytic designed and implemented a comprehensive communications plan to provide public awareness of the Discrimination Financial Assistance Program in states west of the Mississippi river. To facilitate awareness, we conducted more than 2,000 events; placed radio ads in English, Spanish, and Navajo; unveiled a social media campaign on several platforms including push notifications that had a click through rate more than three times higher than industry average while delivering 3M impressions and 4M in digital displays; ran ads on the Weather Channel and Univision; and provided direct mailers to approximately 50,000 agriculture businesses.

ENGINEERING, FACILITIES, AND LOGISTICS

Professional Engineering services are provided to the US Coast Guard, US Air Force, US Marine Corps through a pair of contracts worth more than \$20M that engage approximately forty (40) personnel on a full-time basis. Analytic is the primary subcontractor on both efforts. Here, we engage Certified Professional Engineers in the fields of Civil, Structural, Mechanical, Fire Suppression, Waste Water Management, CAD, and Airfield Pavement Engineering. Logistics services are also provided to USCG as well as Treasury and a compliment of facilities support services are delivered to the Army Corps in multiple locations across the state of Texas.

HUMAN CAPITAL AND ADMINISTRATIVE SUPPORT

In 2024, Analytic was awarded a 5-year, \$30M contract to support sixty-five (65)) different USCG recruitment offices on-site across thirty-six (36) states and US territories. Here, Analytic tracks and reports on each applicant's progress through the recruiting and accession process, as well as tracking and reporting recruiter performance, recruiter training, and Military Entrance Processing Station (MEPS) performance metrics.

LEGAL SERVICES

Analytic provides a full suite of legal services to multiple offices within the Eastern District of California, including Paralegal Support, Victim Witness Coordination, Financial Investigation, Legal Assistance, and Administrative Support. Our team supports the Financial Litigation Unit and Affirmative Civil Enforcement Division, offering expertise to advance investigations and cases.

PROFESSIONAL AND IT SERVICES

Analytic supports the Joint Communications Support Element (JCSE) at MacDill AFB by providing consistent IT and Configuration Management services. We facilitate C5ISR communications for Department of Defense operations and provide technical writing services to ensure accurate documentation for configuration control board activities.
